Código accesorio

BZZ2: Carcasa para módulos empotrables regulables DMX, RGB, RGBW, WNC - L=1044

Descripción

Aluminium outer casing L=1037 complete with technopolymer side and upper caps and black rubber membrane cable glands. The side caps are supplied with openable circular walls to facilitate the insertion of corrugated tubes (passage of power cables). To be used on recessed Linealuce Mini modules L=1044mm with RGB leds

Instalación

For ground- or wall-recessed installation with cast cement/concrete or other suitable material. For ground installation a drainage channel must be created (positioned below the special holes) or gravel inserted for drainage under the outer casing before installation, to guarantee the degree of protection stated.

Colores

Indefinido (00)

Se conforma con EN60598-1 y regulaciones pertinentes
