Underscore X26

**Design iGuzzini**   **iGuzzini**

Last information update: June 2023

Product configuration: M888
M888: X26 recessed 500 High Flux

Product code
M888: X26 recessed 500 High Flux **Attention! Code no longer in production**

Technical description
Rigid-profile product for linear LED lighting, designed to be recessed. Extruded aluminium bar structure with contact frame. Diffusing opal polycarbonate linear screen. Moulded polycarbonate sides and end closing caps. The product has contact springs for recessed application in blind holes (shelves). Use the accessory springs for insertion in supports with through holes. Version with 6 LED 24Vdc high emission module (total 6W) - white colour, warm white tone (3100K) colour rendering index - CRI 95 (recommended for use in museums). Ballast not included

Installation
Pressed into blind hole previously prepared, using contact springs supplied with the luminaire. For applications with through holes, remove the contact springs and use the accessory kit (MWK3) for standard recessed fixing (1 to 30 mm false ceilings)

Colour
Clear transparent (24) | Aluminium (12)

Mounting
wall surface|ceiling surface

Wiring
Constant voltage ballasts to be ordered separately: electronic 50W 24V (MWK4) - electronic 70W 24V dimmable 1-10V (MWK5). Power supply end cap with cable (MWK1 - for connection to the ballast); intermediate power supply cap with cable (MWK2 - for connection between modules)

Notes
For fixing, connections and power supply, use the components available with a separate code.

Complies with EN60598-1 and pertinent regulations

III   IP40   CE   pending
