Product code
MT87: "RAIL SPLIT RDM" 6-port DMX512 splitter, DIN rail mounted with support for RDM and Talkback HES. Vin=9-48V dc, max. 8W **Attention! Code no longer in production**

Technical description
6-port DMX512 splitter, DIN rail mounted, with support for RDM and HES Talkback. Inexpensive, high performance splitter designed for permanent installations. Supplied with input optical isolation DMX512. 6 buffer outputs. Supports standard RDM V1.0 (E1.20-2006 ESTA standard). Easily installed by mounting on a DIN rail. Supports standard RDM (Remote Device Management): RDM allows bi-directional communication via DMX cable. Supports Talkback HES (High End Systems) protocol.
