Structural module L=600

Attention! Code no longer in production

Product code

6625

Technical description

Suspended, ceiling-mounted or recessed structural module. The structure of the fitting is made of painted extruded aluminium, the lamp-holding supports are made of galvanised painted sheet steel, and the end caps of polycarbonate. The power-supply cable is transparent and the cables are subjected to antioxidant treatment. The modules can be combined by means of direct and corner (90°) couplings as well as structural modules.

Installation

The suspension system (to be ordered separately) has sheet-steel supporting plates with polycarbonate covering bases and steel suspension cables with a millimetric adjustment system (applied to the modules). Ceiling application by means of an aluminium structure. Recessed and semi-recessed installation by means of a structure designed for application to false ceilings 12.5mm and 15mm thick, with concealed rim.

Dimension (mm)

600x130x65

Colour

White (01) | Grey (15)

Weight (Kg)

2.7

Mounting

ceiling surface

Wiring

It is designed for through wiring by means of special terminal boards housed inside the aluminium profile. The system is able to switch on three groups of fittings separately.

Notes

Accessories available: Various installation and combination accessories.

Complies with EN60598-1 and pertinent regulations

850°C

IP20
