Last information update: July 2025

**Accessory code**
PS38: Surface-mounted bracket - MATTER protocol - complete with 150 W - 48 V power supply

**Technical description**
Surface-mounted bracket complete with Matter interface and 150 W - 48 V dimmable power supply to be connected to the cover base.
The components used allow the Libera luminaires to be controlled via Matter systems that interact through a Thread border router (e.g. Apple HomePod mini / Apple TV 4K / Google Nest Hub / SmartThings Hub). Frequency 2.4 GHz. Power supply features include overvoltage protection, short circuit protection, overcurrent and overtemperature protection.

**Installation**
Surface-mounted. Fitted with slots for fastening with screws.

**Colour**
Indeterminate (00)

**Notes**
To complete with suitable closure cover.
Consult the instruction sheet for the number of luminaires that can be connected.
Max distance between Matter devices .... m.
The maximum distance is affected by physical obstacles, like walls, metal panels and the layout of the system.

Complies with EN60598-1 and pertinent regulations

IP20   pending
