Last information update: March 2023

**Accessory code**X417: Aluminium flange for installation on poles  $\varnothing$  102 mm - for 1 projector Palco InOut  $\varnothing$ 83- $\varnothing$ 119- $\varnothing$ 137- $\varnothing$ 153**Technical description**

Aluminium die-cast flange with surface treatment by texturised liquid painting. It can be installed on any  $\varnothing$ 102mm-pole with no need to make holes for mechanical anchoring. It permits rotating completely the projector in all directions thanks to the combined projector/flange rotations (continuous) and bracket/flange rotations (360°). Installation is guaranteed by stainless-steel nuts, bolts and screws. Each flange has hexagonal seats for nut antirotation.

**Colour**

White (01) | Black (04) | Grey (15) | Rust Brown (F5)

**Weight (Kg)**

1.8

**Wiring**

The power-supply cable passes through a cabling sheath (hole diameter = 15 mm) to enter the pole.

Complies with EN60598-1 and pertinent regulations
