**Product code**MR39: Initial profile L 2397 - Minimal **Attention! Code no longer in production****Technical description**

Minimal (frameless) version extruded aluminium initial profile; methacrylate opal screen, set up for connecting several lengths by overlapping.

Installation

Installation may be recessed, surface-mounted, ceiling-mounted and pendant using suitable accessories to be ordered separately. Initial modules may be completed with accessory end caps and the appropriate LED module and used independently in the various applications.

Colour

Aluminium (12)

Weight (Kg)

5.62

Mounting

ceiling recessed|ceiling surface|ceiling pendant

Wiring

The initial profile is supplied with pass-through wiring for continuous lines. Quick coupling terminal blocks for easier luminaire installation. Set up for housing the LED modules required by the system.

Notes

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To correctly complete a continuous line, always use an initial module at the start or end of the structure.

Complies with EN60598-1 and pertinent regulations

850°C

IP20
